

Mechanical Contracts Engineer

Transvac are world leaders in custom designed Ejector systems for the process industries. Having supplied thousands of ejectors, Transvac have over 30 years experience, backed by a comprehensive list of world-wide references, in a wide range of process industries - including oil, gas, water, chemical and food manufacture.

As both a designer and a manufacturer, Transvac have full control over process and mechanical design, supply of raw materials, manufacturing, scheduling and testing. With all procedures certified to BS EN ISO 9001:2000, accreditation to Module H of the Pressure Equipment Directive (PED) and CE marking, where appropriate, the quality of the final product is assured. Transvac are also 1st Point Assessment and Achilles registered.

Due to a significant increase in our orders, we need a Mechanical Contracts Engineer to join our Engineering Team, and be responsible for the timely execution of his/ her contracts whilst supporting the Sales Team.

The ideal candidate will take pride in their work, and be a strong team player who enjoys working in a busy and varied role. He/ she will have sound technical knowledge, with a mechanical bias and commercial awareness. Good communication skills are essential. He/ she will also possess relevant qualifications (e.g. HNC Mechanical Engineering) and experience in a contract design/management environment, ideally with piping or pressure equipment.

Design experience preferred:-

- Design codes ASME VIII, PD5500, ASME B31.3
- Working to client specs such as DEP specs, NORSOK specs
- Pressure Equipment Design, Vessels or Piping or Heat Exchangers
- Variety of materials of construction; Carbon and stainless steel essential
- CAD (Solid Edge preferred)
- Manufacturing Exposure, including Welding and knowledge of NDT methods

Contract Experience: -

- Dealing with clients, suppliers and / or third party inspectors
- Production of contract documentation
- Pressure Vessel Design Software (Finglow preferred)

This full-time permanent position offers market salaries and benefits, and good prospects for promotion. Transvac are an equal opportunities employer.
